- Wool absorbs indoor air contaminants, benefiting indoor air quality.
- Certified as low-VOC. Test certificate available on request.
- 100% biodegradable and recyclable.

**GREEN STAR + LEED**

- PLANET is certified to the EU Ecolabel.
- PLANET can be used on white and upholstered furniture certified by AFRDI, GECA, ECNZ and Ecospecifier (Level B + C).
- The Green Star Rating Tool states “Where at least 90% of an item’s total mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C.” Therefore any fabric can be used as fabrics are almost always under 10% by weight of a furniture item.
- 100% rapidly renewable content contributes to LEED MR Credit 6 Rapidly Renewable Materials.
