

FACE COMPOSITION	vinyl (PVC)
BACKING TYPE	polyester non-woven (50% post consumer recycled content)
WIDTH	137cm
WEIGHT	340gsm / 465g lineal m
PATTERN REPEAT	non-match
ROLL SIZE	45.9m approx. Note: minimum order quantity is 10.9m and 0.9m multiples
PERFORMANCE	Type II Wallcovering
FIRE RATING AS/NZS 3837	BCA Group 1 Av. Specific Extinction Area 235.8 m2/kg
ISO 5660.1	NZBC Group 1S Av. Specific Extinction Area 228.5m2/kg
Additional Fire Tests	ASTM E-84 Tunnel Test Class A BS476 Part 6 + 7 Class 0 Class 1

ENVIRONMENT

- Eco friendly water-based ink technology is used
- No ozone-depleting chemicals or heavy metals such as lead, mercury, cadmium or chromium are used
- Manufacturer operates a comprehensive raw material recycling program

PRODUCT INSTALLATION

- Detailed installation instructions for TAU are supplied with each shipment and should be referred to before cutting or installing this wallcovering. A copy can also be obtained by contacting your nearest office or agent.

CARE + MAINTENANCE

- General maintenance can be achieved with periodic dusting or vacuuming with a soft brush attachment.
- Remove ordinary dirt and smudges with a mild soap and warm water solution.
- Avoid all solvent based cleaners.
- Always test the solution on an inconspicuous portion of the wallcovering before proceeding, checking that there is no adverse effect on finish, colour or gloss.
- Care should be taken on dark colours due to the possibility of causing 'light marks'. Always use a blotting action rather than rubbing to avoid abrasion.
- Rinse lightly with clean water and sponge.
- Deeply embossed wallcoverings need extra attention in case suds or loosened dirt lodge in depressed surfaces.
- Dry with a soft lint free cloth or towel.
- A copy of TAU care and maintenance instructions can also be obtained by contacting your nearest office or agent.

WARRANTY

- For a period of 3 years from date of invoice this wallcovering is guaranteed to be first quality and free of manufacturing defects. This warranty applies only to professionally applied installations according to the recommended installation instructions, and proper care and maintenance using appropriate cleaning agents as outlined in the care and maintenance instructions.
