

## NUBUCK LEATHER CARE INSTRUCTIONS

### Contemporary Leathers Collection

#### Regular Care

- Protect from direct sunlight, heating source and weather.
- Dust on a regular basis with a clean cloth.
- Protect from sharp objects.

#### Cleaning

- Gently remove all spills immediately with dry clean cloth.
- Do not scrub or rub hard.
- Do not use leather conditioners or creams on nubuck leather.
- Do not use shoe polish, saddle soap or unidentified leather cleaners, pastes or abrasives.
- To maintain the soft buffed finish for as long as possible it is recommended to keep cleaning to a minimum.
- If spot cleaning is required, make a dilute solution of pure soap flakes and use a damp cloth to apply solution to area.
- Wipe cleaned area with a clean damp cloth to remove residual detergent.
- Do not wet excessively.
- The nubuck finish will become smooth in areas of high use, such as arms and corners of furniture. This is a normal characteristic of the product.
- Dust before cleaning, if vacuuming use soft attachment.
- Dry in shade away from heat.
- Professional cleaning may be required for persistent stains.
