### **CARE**

Leather Care for Finished Leathers is available from our website

### **ENVIRONMENT**

- Leather is an agricultural by-product
- Water and energy reuse + recycling, renewable energy use (30%), non-potable water use (100%), no hazardous substances are used. Finishing is carried out using exclusively water-based conditioning systems
- Certified as low-VOC
- Produced at a tannery with an ISO 14001 certified Environmental Management System
- Reusable

### **GREEN STAR**

- STUDIO can contribute low VOC points
- STUDIO can be used on white furniture certified to Ecospecifier, AFRDI, ECNZ and GECA
- The Green Star Rating Tool states "Where at least 90% of an item's mass is certified to a GBCA recognised standard, the item can be entered as a certified product at Level A, B or C." Therefore any leather can be used as leathers are almost always under 10% by weight of a furniture item

### LEED

STUDIO can contribute low VOC points

## WELL

- STUDIO can contribute to Low VOC / VOC Reduction
- Toxic Material Reduction: STUDIO is free of PFCs, flame retardants, phthalates and urea formaldehyde

### **SEATING COMFORT RATING**

A rating to determine a leather's seating comfort based upon the leather's ability to breathe and absorb moisture.
Tested to ASTM E 96 M-05.
STUDIO achieves a Fair Seating Comfort rating.
