

## ATELIER DRAPERY AFTERCARE

**PRODUCT TYPE**      textile pile fabric

**TYPE**                  drapery

### REGULAR CARE

- Protect from sunlight using lining or other shading methods
- Vacuum regularly using low suction with appropriate attachment
- Orientation of the pile fibres may be disrupted during use or cleaning, this may be reduced by gently brushing the mark with a soft, non-metallic brush such as used for lint removal

### SPOT CLEANING

- Treat spills and stains as soon as possible
- Gently scrape any soil or mop any liquid from the surface of the fabric
- Do not scrub
- Apply proprietary cleaning agents strictly according to instructions to remove the residue of the spill
- Do not saturate the fabric with water or other cleaning liquids
- May be spot cleaned with drycleaning solvent

### CLEANING

- May be on-site cleaned with hot water extraction machine (hot)
- Professional cleaning recommended
- Do not use dishwashing or laundry detergents
- Dry in shade away from direct heat and sunlight
- Gently vacuum to restore pile
- Allow to dry thoroughly before re-use

OR

- May be professionally drycleaned
- Do not bleach or tumble dry

- Remove all hooks, rings and trims before cleaning
- Allow to dry thoroughly away from direct sunlight or heat before re-use
